NEWSLETTER 2022

Dear Parents/Guardians,

With the blessings of Almighty, the academic year 2021-2022 has flown by with our students taking long strides on the path of learning and character building. A chain of curricular and extracurricular activities developed student's awareness of the world and opened up their minds.

We are pleased that many of you contributed very positively in preparing your children for the events which helped to polish them for the future.

INDEPENDENCE DAY: August is all about Pakistan. This year the zeal of patriotism came alive online. Our students and teachers celebrated the 74th Independence Day with full joy and enthusiasm. Students were made aware of their nationality and their country with national identities, the flag, National Anthem, landmarks and of course Quaid e Azam.

GRAND PARENTS DAY: Grandparents play a very important role in our lives. We should always respect and take good care of them. On this very special day teachers enacted a role play. It was a fun filled session for the students. Later they made cards in the art class to express their love for their grandparents. They carried the cards home for them.

MORNING ASSEMBLY: The weekly morning assembly presentations provided students a platform to face an audience. Our students have now lost their stage fright and are on their way to become confident and fluent speakers. The assembly presentations impart general knowledge of a variety of aspects from environment, healthy habits, good behaviour, etc in a fun filled manner.

STORYTELLING (NURERY & KG I): Story telling is a major monthly event. It is conducted with great enthusiasm, and elaborate preparations are made in the form of life like set up of scenes from the story, role play by students, teachers' presentations (enactment and storytelling) and discussions. The stories of the term were; Ginger Bread Man, The Enormous Turnip, Jack and the Beanstalk, The Red Hen, The Hare and the Tortoise and The Wind and the Sun.

UNIVERSAL CHILDREN'S DAY: Universal Children's Day was marked with full joy, fun and frolic. It was enjoyed by playing games and having fun on the jumping castle. Children also enjoyed a funny midget puppet show put up by their teachers.

WINTER WONDERS: Beauties of winter season was explored by the students through learning about winter weather and weather forecast. They were introduced to variety of winter wonders to discover such as the winter clothes, winter fruits, hot beverages and winter sports. Winter is the time of pleasant days and cool nights.

SPORTS WEEK: The much looked forward to gala event of the year was our sports week on the theme “Hum aik hain” was held in December for KG I, KG II, class I and II. Preparations went on at hectic pace with students practicing for the sports events and teachers preparing accessories for the great day. The event was a great success. Parents attended and cheered the students. Winners won medals and even those who did not, went home with shining faces with the pleasure of having participated.

SPRING AWARENESS: To make the children aware about the facts of spring season flower boards were set up in each class and names were introduced. Colourful flower pots were displayed. Students were shown different real flowers i.e; daisies, roses, lilies, sunflowers, petunias, marigolds, pansies and many other colourful blooms.

VEGETABLE WEEK: Importance of vegetables in our daily diet was introduced. A vegetable push cart was brought to school with seasonal vegetables labelled in both English and Urdu. ‘One day one veggie’ for mid morning snack made children develop a splendid taste for carrots, cucumbers, boiled peas and potatoes.

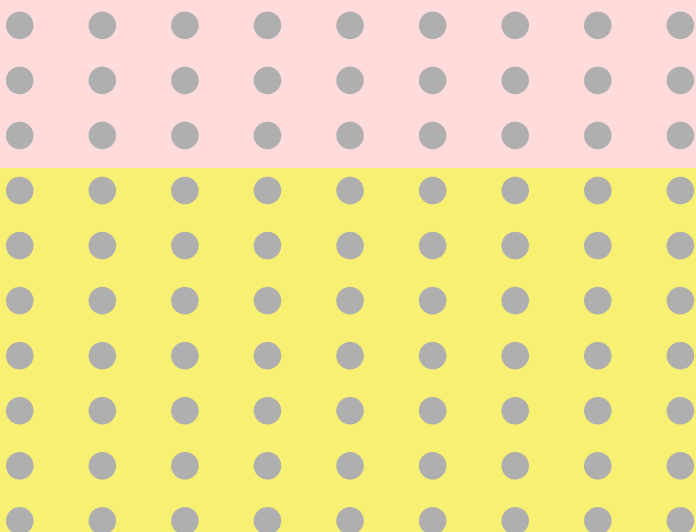

COMPETITIONS: Participation in various competitions help the students to boost their confidence level and polish their creativity.

An ‘Oxford Big Read’ National Contest was held by Oxford University Press for book reviews written by students of class I and II onwards.

Colgate discovers the artistic talent of the children by calling these future artist at a platform called “Colgate Global Art Contest”. Selected entries were sent.

WORLD BOOK DAY READING ACTIVITY: The core of our curriculum is based on reading. We enhance children’s knowledge and curiosity by providing opportunities for active reading. To mark the 25th anniversary of World Book Day a reading activity was held for the students of KG II, Class I and II. Students were asked to practice reading with fluency, clarity of speech, expression and pronunciation. All the students participated and read in front of their class mates. This activity helped in developing comprehension skills and enhancing the vocabulary.

SHOW AND TELL ACTIVITY (KG I): Round the year children bring different objects and talk about them. To develop confidence and public speaking skills, show and tell activity was held as a class event. We really appreciate the ingenuity of some mothers in creating amazing props for the children to show and talk about. Our little ones participated actively and spoke fluently which was a delightful experience.

MENTAL MATH COMPETITION:

Mental Math Competition is an annual event and fervently looked forward by the students. Mental Math activities have proved to be very useful in developing student's logical thinking, mathematical intelligence and quick calculation skills.

PAKISTAN DAY: Pakistan Day was celebrated with a great sense of pride and patriotism. A special assembly was held in which the students spoke about Pakistan and the historic event of 23rd March 1940. Role play was performed by the students of Class I.

EDUCATIONAL TRIP: Class II went on an educational trip to the TDF MagnifiScience Centre. The students took keen interest in observing, exploring and developing an understanding of everyday scientific phenomena. They were all ears to the guide who was giving the details. They came back to school gaining knowledge of how and why things function.

RAMAZAAN RESPONSIBILITIES:

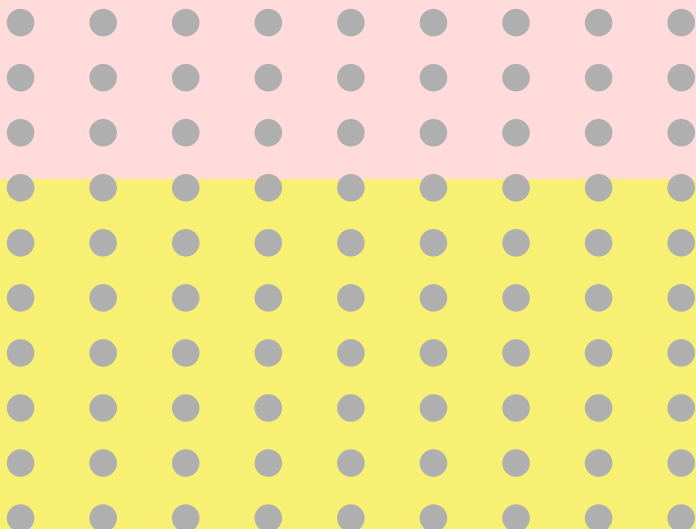

Ramazaan marked a time of discovering the meaning of self - control, charity and of sharing and caring with fortunate fellow beings for the bounties granted to us by Allah to enjoy and make the most of it. Ramazaan calenders were distributed among the students of Class II to inculcate compassion.

FOUNDER'S DAY: The month of April began with the celebration of our Founder's Day on 2nd April. The school wore a festive look with colourful decorations everywhere. Our students enjoyed the magic show and a delightful performance of 'Pillow People' entertained them as a school birthday gift.

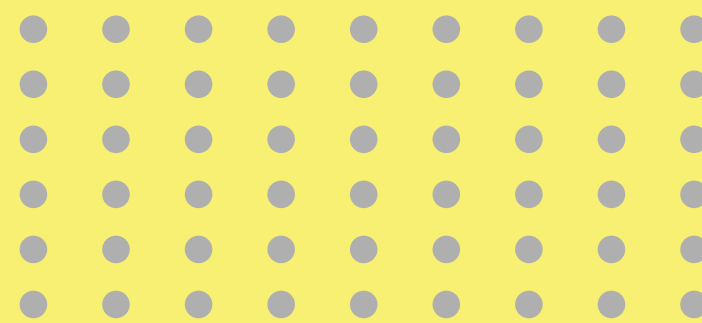

EARTH DAY: April brought Earth day and following the theme of this year "Invest in our Planet" a week of activities helped to create a concern for the protection of our planet Earth and its atmosphere. Assembly presentations were held on each day of the week based on the topics; "Play your part, Be water smart!", "Plant more Trees", "Save Electricity", "The first Steps to Zero waste".

MOTHERS DAY: Mothers Day is a reminder for all of us, to treasure and cherish the most loving and sincere person in our lives. Children made cards for their mother appreciating her and expressing their love for her.

SUMMER FUN: Last week of the term was full of fun and fiesta. Our students enjoyed the most awaited water fun activities and the movie day. They thoroughly enjoyed the games and art activities. The last day was the party day, the most exciting day of the week. Our children shared snacks with friends and played musical games. They went home happy and delightful looking forward for their summer vacations.
